

ST. ELIZABETH'S CATHOLIC CHURCH
Eureka Springs, Arkansas

St. Francis' Garden and the Stations of the Cross, carved from beautiful Carrara marble, line the walk down to the Church proper, a story below. "Believe-it-or-not" Ripley has featured this many times as "the church entered through the bell tower".

In the background may be seen the historic old Crescent Hotel, now restored to its former Victorian elegance.

Dear Father,
You would have
to see Eureka Springs
to believe it, each
time we visit of
our most beautiful
of the town, the same
to find - no luck - with
light seeing.
